### [Limited by Guarantee](#)

A Limited by Guarantee is very much like a standard limited company, however, it does not have shareholders who invest in the company, but instead has guarantors who undertake to contribute an amount of money should the company be wound up. This type of company is normally by non-profit organisations such as clubs, associations and charities. We are one of a few formation agents to offer online registration of a company limited by guarantee.

We are [expert company formation agents](#) . We help you form your company online so you are ready to trade in hours.
