

WAUSAU, Wis., Oct. 25, 2013 /PRNewswire/ -- Michele started her career in Environmental Services as an Environmental Specialist with ONYX, where she prepared hazardous material and hazardous waste shipments for transport. She then transitioned into providing information to communities on how to manage household hazardous materials and finally worked in the capacity of regulatory compliance as a consultant and as a company point person.

Additionally, Michele specializes in Hazardous Material Management; Environmental Reporting and Management; Developing and Implementing Environmental Management Systems; as well as Regulatory Compliance.

Michele is a Certified Hazardous Materials Manager and Certified Water System Operator. She earned her M.S. in Management from Cardinal Stritch University and also holds a B.S. in Soil Science from the University of Wisconsin at River Falls.

About Us

Continental Who's Who has become one of the most respected and trusted publishers around the globe. We spotlight thousands of professional individuals and organizations each year who "stand-out" in their specific field. Included are executives and officials in business, science, education, philanthropy, religion, government, the fourth estate, finance, law, engineering, authors, the musically talented elite as well as numerous additional industries.

Our mission at Continental Who's Who is to provide an exclusive internationally recognized world-class forum where members can create social, professional and business relationships. We provide resources, information and represent an atmosphere and opportunity to network, consult, showcase, educate, and empower, allowing for establishing new business relations to increase future success. We are committed to delivering the highest quality service to all our

established members.
