"Andrew's professional and life experiences make him the right leader at the right time for our RESV business and the ideal candidate to replace such a respected and successful group president as Dave Pringle has been," said Nortek President and Chief Executive Officer Michael J. Clarke

. "Andrew is a growth-focused Six Sigma disciple who likes to solve problems with input from his team, and a well-rounded executive who is highly regarded by employees, colleagues and customers alike. We enthusiastically welcome him to the Nortek team."

Since 2005 Bonham had been with W.R. Grace, where he was most recently president of Grace Construction Products, a \$1.1 billion division focused on the heavy building materials and construction chemicals sectors with operations in 45 countries. He holds a Bachelor of Science degree in Mechanical Engineering from Virginia Polytechnical Institute and State University and a Master of Business Administration degree from Averett University.
