

Coop Partners with Gunnebo to Secure Nordic Stores

Written by Australian Business

GÖTEBORG, Sweden--([BUSINESS WIRE](#))--Regulatory News:

Gunnebo AB (STO:GUNN)

Coop and the Gunnebo Security Group have signed a framework agreement for the delivery of the closed cash handling system, SafePay™. The agreement will run for two years and includes installation and service.

SafePay™ is an integral part of many retail stores and petrol stations across Europe with over 6,500 installations across the continent.

Upgrading in-store security has been an ongoing effort for Coop for many years. The SafePay closed cash handling system is supporting these efforts and the retail chain has been working in cooperation with Gunnebo since 2004. Today, a large number of Coop's stores are already equipped with the SafePay system.

Morten Andreasen, Senior Vice President Region Europe, Africa and Middle East at Gunnebo, is delighted with the new framework agreement: "It strengthens our position within cash handling and confirms SafePay as a unique solution which delivers both security and cost savings to our customers within the retail trade."

For more information on the closed system for cash handling, SafePay, go to www.gunnebo.com
