

Gary Johnson Named To Medical Cannabis Payment Solutions Advisory Board

Written by Australian Business

LAS VEGAS--([BUSINESS WIRE](#))--Medical Cannabis Payment Solutions (OTC Bulletin Board, REFG), a leader in technological solutions for the medical cannabis industry, has announced that Gary Johnson has joined the company's Advisory Board. The Advisory Board provides guidance and strategic decision-making for the rollout of the company's recently announced payment and compliance system.

Johnson was a two-term governor of New Mexico from 1995 to 2003, and was a candidate for President of the United States in the 2012 election. He has written extensively about governmental and regulatory issues. Prior to running for office, Johnson started his own mechanical contracting business, growing it from a one-person venture to a multimillion dollar enterprise with over 1,000 employees.

"Gary Johnson's presence on our Advisory Board is a major addition to our company," said Medical Cannabis Payment Solutions CEO Jeremy Roberts. "His formidable success and experience in both government and the private sector will provide an invaluable resource as we work with regulators, policymakers, and dispensaries to provide sensible and innovative solutions for the medical cannabis market."

Asked about his new position on the company's Advisory Board, Johnson said, "Medical Cannabis Payment Solutions is a company that not only realizes the potential in servicing the medical cannabis industry, it has the technology and the acumen to make that potential a reality. As more and more states implement medical cannabis programs, creating secure systems for both payment and compliance is a challenge, and Medical Cannabis Payment Solutions is leading the way in meeting those challenges. I'm honored to work with them, and can't wait to see where we go from here."

About Medical Cannabis Payment Systems, Inc.

Our mission is to provide end-to-end management, across multiple management systems, for medicinal marijuana operations. Many medicinal marijuana companies have experienced such rapid growth that they are finding it difficult to manage all aspects of their operation. In order to become a successful and compliant medicinal marijuana operation, effective management must depend on many different systems. REFG solves the fragmentation problem by identifying tools that are important to dispensaries, and

customizing those tools specifically catered to the industry. We strive to create awareness within the medicinal marijuana industry and to develop an environmentally friendly, economically sustainable business while increasing shareholder value.
