PRLEAP.COM

) Board certified plastic surgeon Dr. Humberto Palladino has launched a new website to represent his practice, Southwest Plastic Surgery. The website, located at <http://www.palladinoplasticsurgery.com>, will serve as a comprehensive resource for patients seeking plastic surgery in El Paso, TX.

Dr. Palladino's website can help current and prospective plastic surgery patients get all of the information they need about pursuing cosmetic enhancement. In addition to offering in-depth descriptions of various procedures, such as [breast augmentation](#), [liposuction](#) and tummy tuck, the website features information on Dr. Palladino's state-of-the-art facility, Southwest Plastic Surgery. By perusing the site, patients can get a feel for the quality of care they can expect from Dr. Palladino and his staff.

Another important aspect of the website is the inclusive before and after photo gallery. Patients can view photos of men and women who have been treated by Dr. Palladino to get a realistic idea of the kind of results they can expect. A thorough testimonials section also provides insight into the patient experience at Southwest Plastic Surgery.

Most importantly, the new website offers biographical information on Dr. Palladino, including comprehensive information about his education, training and professional experience. Dr. Palladino is pleased to provide individuals with this information to help them feel comfortable about selecting Dr. Palladino as their cosmetic surgeon.
