[LEAP.COM](#)

) Dr. J. Tracy Mills and Dr. Daniel Dernick, leading providers of sedation dentistry in Houston, TX, are pleased to announce the launch of their new website. The new website was established to make Dr. Mills and Dr. Dernick more visible in the online market, so that patients in the Houston area who experience dental phobias can seek out their services.

Dr. Mills' and Dr. Dernick's new website offers a wealth of information on sedation dentistry, as well as the cosmetic, general and restorative dental procedures that Dr. Mills and Dr. Dernick offer. Patients can learn about the various sedation techniques, as well as what to look for when choosing a qualified sedation dentist. Dental phobias and anxiety are widespread, and Dr. Mills and Dr. Dernick hope that educating patients on their treatment options will help them finally take the first step toward receiving the care they need.

In addition to reading up on procedures such as [dental implants](#) , teeth whitening and [porcelain veneers](#) , Houston patients can also learn more about Dr. Mills' and Dr. Dernick's practice. The website features a virtual tour of their state-of-the-art office, as well as biographical information about Dr. Mills, Dr. Dernick and their team. In addition, the comprehensive smile gallery allows patients to get a look at the kind of results they can expect under Dr. Mills' and Dr. Dernick's care. Prospective patients can also read through testimonials to learn more about the patient experience at Dr. Mills' and Dr. Dernick's practice.
