

Hydra Management Appoints Kay Ojo as New Director of Operations

Written by Australian Business

(PRLEAP.COM) Farnborough, UK - [Hydra Management](http://www.hydra-management.com) recently announced their selection of Kay Ojo as their new Director of Operations. Mr. Ojo will be at the leading edge of Hydra's commercial development efforts as he takes the helm of their Operations and Professional Service Team.

According to Hydra, this appointment comes at a crucial time as they enter a new phase of development that includes two products Mr. Ojo describes as "revolutionary" in the project portfolio management and professional services automation market. Hydra Management CEO Juan Manrique says, "Kay's experience, drive and skills are a perfect complement to Hydra's culture. Excellence in our operations and in the ability to support our customers with an innovative implementation model is the key to our success."

Known for their project and resource management software, Hydra offers some of the best project management tools available in terms of software implementation project management, consistency in performance, and rapid return on investment. Companies looking for ways to standardize project management and optimize resource utilization find that Hydra's scalable online project management software comes with a fast and well-coordinated software implementation project. In fact, many of their customers are up and running within one week and realize a full return on investment within six months. Mr. Ojo's extensive background in IT specializing in project and program management enhances Hydra's capacity to exceed the expectations of their customers.

About Hydra Management With more than 20 years of experience providing unique, scalable, and easy-to-use project management software, Hydra Management offers solutions for portfolio, program, project, and resource management.
