

BEIJING, Dec. 25, 2013 /PRNewswire/ -- To celebrate the holidays and thank users for their support, AnyMP4 is holding a "Buy One and Get One for Free" promotion. AnyMP4 Studio is dedicated to developing the most powerful multimedia processing software to provide the best and world-class solution in converting DVD&BD and video/audio files for users all over the world.

Buy iPhone Data Recovery and Get iPhone Transfer Platinum for Free

AnyMP4 iPhone Data Recovery can recover seven types of text content from iOS devices: Contacts, Messages, Call History, Calendar, Notes, Reminders and Safari bookmarks. It can also recover content from Camera Roll, Photo Library, Photo Stream, Message attachments and Voice memos. Moreover, users are able to extract iTunes backup for all iOS devices, including the latest models. The 12 types of data files can be restored if the device is synced with iTunes and all the data files are stored on the iTunes Backup File. This software is professional and 100% safe for all iOS device zealots. Now, users can get another popular iPhone Transfer software when buying iOS Data Recovery, which would help users transfer any recovered data files from computer to personal device.

Get Blu-ray Copy Platinum for FREE

AnyMP4 Blu-ray Copy Platinum helps users copy any Blu-ray disc (2D/3D) to Blu-ray disc/folder/ ISO image file. It makes perfect 1:1 ratio clone, and even supports compressing BD-50 to a single BD-25 with absolutely faultless performance.

How to get AnyMP4 Blu-ray Copy Platinum for FREE?

Method 1: Buy Blu-ray Player and Get Blu-ray Copy Platinum for FREE. This bundle would help users copy Blu-ray disc to Blu-ray and backup Blu-ray movies on PC. Users can also play any Blu-ray disc/movies and 1080P HD videos with BD Player software.

AnyMP4 Christmas Promotion - Buy One, Get One Free

Written by Australian Business

Method 2: Buy DVD Copy and Get Blu-ray Copy Platinum for FREE. These two software tools can convert Blu-ray movies to DVD. Firstly, users are able to rip Blu-ray disc/movies to any HD video format; secondly, users can easily create DVD discs with the converted Blu-ray movie.

More Free Software like Blu-ray Ripper and DVD Creator

AnyMP4 provides users more methods to get the most popular software for free, and these bundles feature more powerful software than a single product. "iPhone Transfer + Blu-ray Ripper" helps users transfer Blu-ray movies to iPhones for enjoyment on the go. "DVD Converter + Blu-ray Ripper" can convert any Blu-ray/DVD/video to the needed formats; "Video Converter Platinum + Blu-ray Ripper" has the ability to convert Blu-ray and video to any 2D and even 3D video for playback on 3D players and digital devices with excellent video quality.

In summary, AnyMP4 hopes these products would help users solve any digital issues, and make their daily life more funny. To learn more about AnyMP4's Christmas promotion, please visit: <http://www.anymp4.com/special/christmas2013.html>
