) TME Solutions is a leading and award winning web design and marketing agency based in Maidstone, Kent. The company, which was established in 2005, has built some of the finest websites, including ecommerce sites, on the web including work for Google, Rovio and Worldwide Parcel Services.

The company's biggest feat to date comes in creating a fun, interactive learning e-platform from the ground up. The aim for TME was to produce stronger relationships between giant Samsung and all UK mobile networks and resellers. TME launched Samsung Backstage in late 2010 and won multiple awards including the iSellMobile 'Best E-Learning Platform' every year since its creation.

From one end of the scale, to others, TME focus on large businesses and smaller ones, too. For example, Lau Hairdressing – a company that has been with TME for years through several site updates and upgrades. Through progression on service sales and web development, both parties have revolutionised the brand with up-to-date visual designs and salon product advertisement. Keeping the design of the website up-to-date with the latest trends has been integral to new clientele and maintaining that core client base.

As an agency, combine various mixtures to fit its customer's needs with a mixture of planning, designing, marketing and development. The web design company believe that there is no point in having a beautiful website if no one can see it. That is why TME have a search engine marketing team including Google Analytics qualified personal to put your website at number one of Google.

To go with the large web development team and SEO personal is premium quality graphic design. The TME graphic design department is Adobe Expert Certified to produce some stunning visuals and graphics. Customers looking for web design in Kent need to look no further than TME solutions.
