"Everyone loves fun. Everyone's been waiting for this season of the year to relax and entertain to the max. However, we believe it is far better if we can entertain, relax and enjoy ourselves in a way that nobody has ever tried before," said Peter Nguyen, COO of Audio4fun, "Our newly upgraded software programs are unique for maximizing this sizzling summer's fun and will keep users on their creative highway. We hope that this promotion will bring these professional products much closer to our users."

AV Media Player Morpher PLUS is an all-in-one multimedia player offering 8 regularly updated audio/video tools on a brilliant, Smartphone-like interface. With this program in hand, customers can easily take full advantage of a mammoth library of 600 audio effects and presets, with many fabulous, customizable built-in effects, including Pseudo Surround, Multiband Dynamics, Amplitude Morpher, and so much more.

By joining Audio4fun's Summer Sale, customers can not only grab AV Media Player Morpher at 50% OFF regular price, but also receive AV Voice Changer Diamond, the top-of-the-line in voice mastering software. This program is suitable for overdubbing films, doing impressions of others, and most all other voice-related tasks and supports all of this in a high-quality sound environment. "Any project requiring morphing, creating, editing, and sharing audio/video is no longer an impossible mission thanks to AV Media Player Morpher PLUS and AV Voice Changer Software Diamond," said Chris R.F, Quality Administration Manager, "We believe that the functional combination of these software programs will turn your PC into a home multimedia center that can produce the most natural, unique masterpieces for a truly endless summer."
